

## COVID-19 CONSENT FORM

I understand that I am opting for an elective treatment/procedure/surgery.

I also understand that the novel coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. I further understand that COVID-19 is extremely contagious and is believed to spread by person-to-person contact; and, as a result, federal and state health agencies recommend social distancing. I recognize that Dr. Suresh Koneru and all the staff at Advanced Concepts in Plastic Surgery and associated facilities are closely monitoring this situation and have put in place reasonable preventative measures aimed to reduce the spread of COVID-19. However, given the nature of the virus, I understand there is an inherent risk of becoming infected with COVID-19 by virtue of proceeding with this elective treatment/procedure/surgery. I hereby acknowledge and assume the risk of becoming infected with COVID-19 through this elective treatment/procedure/surgery, and I give my express permission for Dr. Koneru and all the staff at Advanced Concepts in Plastic Surgery and any associated facilities to proceed with the same.

I understand that, even if I have been tested for COVID and received a negative test result, the tests in some cases may fail to detect the virus or I may have contracted COVID after the test. I understand that, if I have a COVID-19 infection, and even if I do not have any symptoms for the same, proceeding with this elective treatment/procedure/surgery can lead to a higher chance of complication and death.

I understand that possible exposure to COVID-19 before/during/after my treatment/procedure/surgery may result in the following: a positive COVID-19 diagnosis, extended quarantine/self-isolation, additional tests, hospitalization that may require medical therapy, Intensive Care Unit treatment, the possible need for intubation/ventilator support, short-term or long-term intubation, other potential complications, and the risk of death. In addition, after my elective treatment/procedure/surgery, I may need additional care that may require me to go to an emergency room or a hospital.

I understand that COVID-19 may cause additional risks, some or many of which may not currently be known, in addition to the risks described herein, as well as those risks for the treatment/procedure/surgery itself.

I have been given the option to defer my treatment/procedure/surgery to a later date. However, I understand all the potential risks, including but not limited to the potential short-term and long-term complications related to COVID-19, and I would like to proceed with my desired treatment/procedure/surgery.

I agree to self-quarantine at home for 1 week prior to my surgery and will not leave for any reason other than to complete preoperative testing required by Dr. Koneru or associated facilities. I also agree to wear a mask to all of my appointments and procedures and to arrive promptly at the time I am asked to.
